

Dear All

As the official photographers at the RDA Championships for several years now, we are looking forward to seeing you all again this year, especially after a two year break due to Coronavirus.

In light of the ongoing presence of the virus, we have decided to make some changes to how we do things this time. As always, there will be photographers catching all the action, including the prize givings. It is in the sales area that we are making changes.

**BRING YOUR OWN SMART PHONE OR TABLET TO VIEW THE PHOTOS**

Our sales area always gets very busy as you look at your pictures and we feel that this is perhaps not the best option anymore.

Crowding into a small space, with many different fingers touching screens etc, is no longer safe practice. So this year we will **NOT** be providing the viewing screens at all, instead you will be able to view and order your photos online using your own smart phones, iPads etc. We will be uploading the photos to the website during the course of each day.

**BRING YOUR OWN SMART PHONE OR TABLET TO VIEW THE PHOTOS**

There are advantages to this for you. You will be able to view the images from wherever you are, no need to come to one spot. You will be able to save the images to your cart or favourites folder at any time and they will be in the same place when you get home. No need to create an account at the event and another one online.

**BRING YOUR OWN SMART PHONE OR TABLET TO VIEW THE PHOTOS**

Please remember to bring your smart phone or tablet with you to the Championships. **If you haven't already set up an account on our website, you will need to do so.** The link is below if you want to get ahead of the game and do it before the event. If you have already purchased online in previous years there is no need to create an account again.

Looking forward to seeing you all in July.

Best wishes,

Michael
